

TURNING THE TABLE

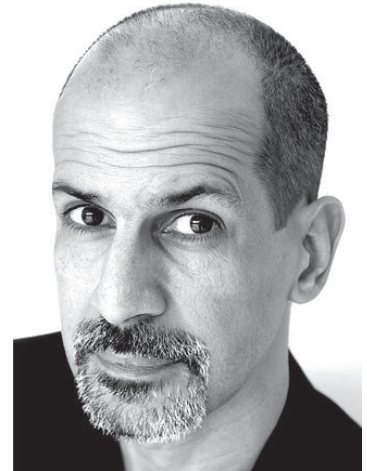

SCULPTURAL DINING AND OCCASIONAL TABLES FROM LOUIS A. LARA

September 2016 - Concord, ON - ***Bellini Modern Living***, a manufacturer and distributor of luxury case goods and upholstery for the home, presents new dining and occasional tables from renowned designer Louis A. Lara. These designs blend sleek contemporary style with sculptural elements for a unique aesthetic. The tables use a minimalist viewpoint in terms of material, utilizing bent glass and metal with contrasting metal finishes.

Says Lara on his creative viewpoint, "I compose relationships, striving for visual stillness and harmony that transcend the follies of fashion and trend. All objects, regardless of size or purpose, are compositions of form and space, and the manner in which these elements are balanced determines their visual harmony or dissonance. The more harmonious the composition, the more inherently beautiful and timeless the object."

The dining and occasional tables, along with Bellini Modern Living's full Fall 2016 collection, will be on display at High Point Market, from October 22-26, 2016. The showroom is located at IHFC, H521 & H520.

###

CIRRUS DINING TABLE

Minimalist yet eye-catching, the Cirrus Dining Table features four curved metal in a polished steel finish, that fades in to a brushed steel finish where they converge in the middle. A clear, glass top finish allows the unique base to show through.

LARA DINING TABLE

New world glam meets elegant contemporary style with the Lara Dining Table. The intersecting top part of the base features a brushed steel finish, which contrasts beautifully against the polished steel finish of the four attached, tapered legs. Rectangular, clear glass provides the top.

ONDA DINING TABLE

A truly impressive feat in design and manufacturing, the Onda Dining Table features a base made of two pieces of bent glass connected with chic metal pegs. A flat edge allows it to support a tempered, clear glass tabletop.

SERIF COFFEE TABLE

Like its predecessors, the Serif Coffee Table contrasts a brushed steel finish with a polished steel finish for contrast within a monochromatic palette. Clear, round glass provides the top.
